

IÑISAġVIK SIGNS ARTICULATION AGREEMENT WITH UAF COLLEGE OF BUSINESS AND SECURITY MANAGEMENT

For immediate release - August 1, 2025

Iñisaġvik College is pleased to announce that it has signed an articulation agreement with the College of Business and Security Management at the University of Alaska Fairbanks (UAF).

The agreement will ensure that Iñisaġvik students are able to transfer the maximum number of credits when continuing their education at the College of Business and Security Management at UAF. The agreement lays out crosswalks of course equivalency to ensure a seamless transfer of credit, “embracing the principle,” according to the agreement, “that transfer students should not be required to repeat competencies already achieved.”

The agreement describes pathways to a UAF Bachelor of Applied Management degree based on Iñisaġvik Associate degrees in Business, Construction Technology, Dental Therapy, Indigenous Human Services, and Information Technology; to a UAF Bachelor of Business Administration from Iñisaġvik Associate degrees in Accounting and Business; and to a UAF Bachelor of Security and Emergency Management from Iñisaġvik’s Associate of Applied Science in Information Technology.

The new agreement is just part of the ongoing relationship between Iñisaġvik and the University of Alaska system. The College has an existing agreement with UAF for Liberal Arts students entering the education program, as well as an agreement with UAS Sitka for the Health Information Management program.

“We’re always looking for ways to streamline the transition for our students who want to continue their education beyond Iñisaġvik,” said Iñisaġvik College President, Justina Wilhelm. “We’re excited that these agreements will make the move as easy as possible and eliminate uncertainty about credit transferability for our students.”

About Iñisaġvik College

Iñisaġvik College is Alaska’s only tribal college and is located in the northernmost village in the United States, Utqiagvik (Barrow). Iñisaġvik College provides quality post-secondary academic, career, and technical education in a learning environment that perpetuates and strengthens Iñupiat culture, language, values, and traditions. It is dedicated to serving its students and developing a well-educated and trained workforce who meet the human resource needs of North Slope employers and the state of Alaska.
